

Repairing IBM ThinkPad T42 Speakers

Step 1 - disassembly Rear Cover

- Unscrew the following screws on the underside of the T42.
 - Note: for ease of reassembly, keep track of which screws go where.

Step 2

- Unscrew the 4 screws on either side the rear end of the laptop.

Step 3 - installation Keyboard and Trackpad

- Flip the laptop over and open the display carefully - the keyboard, palm rest and bezel will be loose.

Step 4

- Maneuver the palm rest away from the keyboard carefully, both the keyboard and palm rest/trackpad will come off together.
- ****WARNING**** Both the keyboard and trackpad have connectors to the motherboard. Disconnect these before completely removing either component.

Step 5 - *disassembly Lower Bracket*

- The bracket will be free to move.

Step 6

- Remove the bracket.

Step 7

- Then remove the small rubber piece covering the small battery.

Step 8 - Speakers

- This component is free to move.

Step 9

- Disconnect its connector and pull it out carefully.
